## COLORIST

**HairStyles** is the next Coloring Book in the line up. There are 22 different hair styles from men to women, curly to braided hair. Have fun with traditional hair colors or go crazy and dye the hair in all sorts of saturation!

Thank you for the support. As an independent artist, I would love to hear your thoughts with an honest review. Reviews are the best and easiest ways to support an indie artist. If you enjoyed the book please let me know your favorite designs and share what you've colored.
